

THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

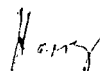

12 April 1983

Mr. Hugh Montgomery, Director
Bureau of Intelligence & Research
Room 6531 State Department

Dear Hugh:

These Key Judgments and proposed additions to the East European reliability estimate go a considerable distance to improving it. You should read them and, if you agree with them in general, would you instruct your representative to support them?

Sincerely,

Henry S. Rowen
